PEBA benefit

Estimate your PEBA benefit and possible adjustments

31

State ORP

- Retirement benefit is accumulated account balance.
 - Any fees, distributions, and investment gains or losses will affect this balance.
 - Early withdrawal penalties for distribution prior to age 59 ½.

32

SCRS and PORS

- Benefit based on a formula that includes:
 - Your average final compensation (AFC)
 - Your service credit, and
 - A benefit multiplier.

33

Average final compensation (AFC)

- 12 highest consecutive quarters of earnable compensation for Class Two members divided by 3.
- 20 highest consecutive quarters of earnable compensation for Class Three members divided by 5.

Earnable compensation does not include pay for overtime not mandated by the employer for SCRS Class Two and Three members. This does not apply to PORS members.

34

Calculate your AFC

1. Multiply your AFC by 1.82 percent (SCRS members) or by 2.14 percent (PORS members).
2. Multiply your result by the number of years of your service credit.
3. Divide your result by 12 to arrive at your monthly annuity.

35

Maximum payment plan Option A example

AFC = \$30,000		
SCRS	$\$30,000 \times 1.82\% =$	\$546
	$\$546 \times 28 \text{ years} =$	\$15,288
	$\$15,288 / 12 =$	\$1,274.00
PORS	$\$30,000 \times 2.14\% =$	\$642
	$\$642 \times 25 \text{ years} =$	\$16,050
	$\$16,050 / 12 =$	\$1,337.50

- Early retirement penalties and/or reductions may apply.
- Reduction factors will apply to members who select a joint retiree/survivor payment plan.

36

Unused leave at retirement

62

Emotional preparedness

Are you emotionally ready?

63

Emotional preparedness

- Most major life-changing events, such as marriage or divorce, involve an ongoing process of emotional adjustment.
- Retirement is no exception.
- Emotional and psychological frontier of retirement has remained virtually unexplored until recently.

<http://www.investopedia.com/articles/retirement/07/sixstages.asp> 84

Six stages of retirement

- Pre-retirement – planning.
- The Big Day - smiles, handshakes, farewells.
- Honeymoon Phase - I'm free!
- Disenchantment - so this is it?
- Reorientation - building a new identity.
- Routine - moving on.
- Life planning is an important key to successful retirement.

<http://www.investopedia.com/articles/retirement/07/sixstages.asp> 85

Six identities of retirees

1. Continuers - keep using existing skills and interests.
2. Adventurers - start entirely new endeavors.
3. Searchers - explore new options through trial and error.
4. Easy gliders - enjoy unscheduled time; let the day unfold.
5. Involved spectators - care deeply about the world but engage in less-active ways.
6. Retreaters - take time out or disengage from life.

Different motivations and interests, but we all need to know that we matter.
