Delong stated that WeReST studied the University of South Carolina (USC) wellness proposal which focused on engagement; risk assessment; intervention, and evaluation. Ms. Delong advised the Committee that after reviewing the USC model, PEBA would like to create a wellness program that could be implemented across all employer groups. Ms. Delong stated that the pilot group would be limited to employees of state agencies and higher education institutions, and would assist USC with several components of the Gamecocks LiveWell Program.

Ms. Delong detailed the WeReST strategy for 2015 including:

- Gathering information about the current health of subscribers through workplace screenings and personal health assessment (PHA);
- Conducting risk assessments of participants;
- Identifying and engaging participants in disease management programs;
- Tracking outcomes over time; and
- Utilizing findings to meet the needs of subscribers.

Ms. Delong provided four WeReST initiatives including:

- Offering an employee incentive for participation in the workplace screening and the online PHA;
- Increasing employer participation in PEBA sponsored workplace screenings;
- Increasing awareness and participation in the existing wellness incentive (copay waiver) program; and
- Utilizing data from workplace screenings and PHA to identify subscribers for participation in disease management programs, and opportunities for future wellness programs for all State Health Plan members.

Ms. Smoak reviewed WeReST actionable items including:

- Reviewing waiver option for release of workplace screenings data;
- Developing criteria for agency participation;
- Researching incentive structure and tax implications;
- Reviewing timing of the rollout of a new PHA; and
- Determining cost associated with adding A₁C testing to the workplace screening.

Mr. Brooks Goodman and Ms. Maria Platanis with Blue Cross Blue Shield of South Carolina, provided additional proposals for 2015 including:

- Additional birth outcomes initiatives;
- Establishing a Behavioral Health Disease Management Program;
- Readmissions initiatives;
- Expansion of Oncology Pathways;
- Expansion of Beating the Blues Program; and
- Expansion of the Patient-Centered Medical Home (PXMH) Program.
