Express Scripts Medicare is offered by PEBA as a part of the State Health Plan. PEBA must submit all enrollment and disenrollment requests to Medicare for approval. If you are currently enrolled in one of the State Health Plan's Prescription Drug Programs, you may continue to use that benefit until your request has been processed. This process may take 10 to 14 business days to complete. You will receive a letter and new cards from Express Scripts once your enrollment is approved. Medicare does not allow retroactive disenrollments. Terminations are always effective on the first of the month.
