

What you can do during the 2017 open enrollment

October 1-31, 2017

During open enrollment, eligible retirees, COBRA subscribers and survivors may change their coverage for the following year. Below is a full list of changes that you can make during this year's open enrollment. If you are satisfied with your current coverage, you do not need to do anything during open enrollment. **All open enrollment changes take effect January 1, 2018.**

MyBenefits (mybenefits.sc.gov) is the easiest way to change your coverage during open enrollment. During October, each section in which you are eligible to make changes provides links to instructions.

Questions? Retirees, COBRA subscribers and survivors of a state agency, higher education institution or public school district should contact PEBA. If you are a retiree, COBRA subscriber or survivor of a local subdivision, contact the benefits administrator at the local subdivision with which you have a coverage relationship.
