EXPLORE YOUR BENEFITS OPEN ENROLLMENT 2022

Open enrollment is approaching, and PEBA wants to help you explore your benefits so you are ready to select your insurance coverage for 2023. Start thinking now about what changes you might want to make to your insurance coverage. Visit peba.sc.gov/oe to learn more about this year's open enrollment.

Open enrollment is October 1-31, 2022. If you are satisfied with your elections, you don't need to do anything. Your current coverage will continue in 2023. If you're unsure what insurance coverage you have, you can review your current coverage by logging in to your MyBenefits account at mybenefits.sc.gov.

Below are the changes you can make during open enrollment this year. Any coverage changes you make will take effect January 1, 2023. Log in to MyBenefits to make your coverage selections. If you would like to make a change with an immediate effective date, such as an address change, you should do so before submitting your open enrollment changes in October.

Choose your health plan

- Change from one health plan to another:
 - Medicare Supplemental Plan, if eligible for Medicare;
 - Standard Plan;¹
 - Savings Plan, if not eligible for Medicare; or
 - TRICARE Supplement Plan for eligible members of the military community.
- Enroll yourself or any eligible dependents in health coverage.
- Drop health coverage for yourself or any dependents.

If you are changing health plans, review the chart on Page 2. **Be sure to note differences in copayments, deductibles and coinsurance as those will increase in 2023.**

2023 Monthly premiums

Funded retiree health insurance premiums will not increase in 2023. Partially and non-funded retiree, COBRA subscriber, survivor and former spouse health insurance premiums will increase in 2023. Be sure to review the 2023 monthly premiums at peba.sc.gov/monthly-premiums.

Dental coverage

You cannot make changes to your dental coverage this year. Changes to existing dental coverage can be made during open enrollment only in odd-numbered years. Your next opportunity to make a change will be in October 2023.

This program is year-to-year and may not be available in the following year. It does not apply to Medicare members, who will continue to pay regular copays for insulin.

Open enrollment made easy

Use MyBenefits to make your changes

MyBenefits is the fastest, most convenient way for subscribers covered by PEBA-administered insurance programs to manage their benefits. Log in to MyBenefits at mybenefits.sc.gov to make your coverage changes during open enrollment and ensure prompt transmission of your coverage changes. If you are a first-time user, select Register to create an account.

How to make changes

- 1** Log in to your account and select Open Enrollment to view your current coverage and premiums.
- 2** Select Make Changes. Here you will see the coverage options available to you during open enrollment. The 2023 premiums for the coverage options will also be listed. Former employees of optional employers should contact their former employer to verify their premiums.
- 3** Select the changes you want and choose Next. You will then see a summary page comparing your current coverage to your new choices.
- 4** If you are happy with the changes, choose Apply. To submit your changes, you must enter the last four digits of your Social Security number and click Sign. Your changes are not complete until you submit your electronic signature.

You should also download or print a copy of the *Summary of Change* for your records. Some coverage changes, including enrolling a dependent who is not covered under any benefit, require supporting documentation. You can upload documents through MyBenefits. Keep in mind that PEBA must receive the documents by December 1 to approve the changes.

If you change your mind about your coverage selections, you have until 11:59 p.m. on October 31, 2022, to log back in to MyBenefits to make additional changes.

Follow up on your changes

In December 2022, log in to MyBenefits at mybenefits.sc.gov to review your changes. Select Review Benefits from the drop-down list to see your 2023 benefits.

If you notice any discrepancies, contact PEBA if you retired from a state agency, public higher education institution, public school district or charter school that participates in insurance and retirement. If you retired from an optional employer, contact your former employer.

Appointments for benefits consultations available

We offer appointments for one-hour phone consultations and video consultations and in-person consultations. You will receive the same service regardless of the type of consultation you choose. You may also contact us any time from 8:30 a.m. to 5 p.m., Monday through Friday at 803.737.6800 or 888.260.9430. Calls are answered in the order in which they are received.

To learn more and schedule an appointment, visit peba.sc.gov/visit-us. You will receive a confirmation email with more details about your appointment.

Returning to work in an insurance-eligible job after retirement

If you return to work for a participating employer and are eligible for enrollment in the State Health Plan, and you, your spouse or your children are covered under retiree group insurance, you must elect active coverage or refuse all PEBA-sponsored coverage. There is one exception to this rule. Retirees who are not eligible for Medicare and who retired from an employer that does not participate in the state's Retiree Health Insurance Trust Fund can remain on retiree coverage if they return to work in an insurance-eligible position. Contact your previous employer if you are unsure whether it participates in the Retiree Health Insurance Trust Fund. When you stop working and your active group coverage ends, you may re-enroll in retiree group coverage within 31 days of the date you leave active employment by submitting a *Retiree Notice of Election* to PEBA.

Learn more in the Retiree group insurance chapter of the *Insurance Benefits Guide*.

Important reminders when you qualify for Medicare

You can qualify for Medicare due to age or a disability. Here are some important things to remember when you enroll in Medicare:

- Be sure to enroll in Medicare Part A and Part B. If you do not enroll in Part B, you will have to pay the part of your health care costs that Part B would have paid.
- You or one of your dependents may qualify for Medicare because of a disability. If so, you should enroll in the Medicare Supplemental Plan. To enroll, submit a *Retiree Notice of Election* form. You need to submit the form within 31 days of eligibility. Be sure to include a copy of your Medicare card with your form.
- PEBA automatically enrolls Medicare-eligible retirees in the State Health Plan Medicare Prescription Drug Program. PEBA also enrolls Medicare-eligible dependents in this program. Subscribers may be better served if they remain enrolled in this prescription program.

The benefits offered by the Medicare Supplemental Plan and Carve-out Plan vary. This is especially true in how each plan coordinates with Medicare. The *Insurance Coverage for the Medicare-eligible Member* handbook includes a plan comparison. This handbook is also useful in determining which plan best suits your needs. You can find the handbook at peba.sc.gov/publications. You can also learn about how the Medicare Supplemental Plan coordinates with traditional Medicare in the *Traditional Medicare and the Medicare Supplemental Plan* flyer, available at peba.sc.gov/nyb.

Adult well visits

Well visits may be a key part of preventive care. They can reassure you that you are as healthy as you feel, or prompt you to ask questions about your health. Learn more about adult well visits and when they are covered at peba.sc.gov/well-visits.

How the benefit works

State Health Plan primary members are eligible for one well visit each year at no member cost. Evidence-supported services, based on United States Preventive Services Task Force (USPSTF) A and B recommendations, are included as part of an adult well visit under the State Health Plan. After talking with your doctor during a visit, the doctor can decide which services you need and build a personal care plan for you.

Who is eligible?

The benefit is available to all non-Medicare primary adults ages 19 and older who are covered by the Standard Plan or Savings Plan. Adult members can take advantage of this benefit at a network provider specializing in general practice, family practice, pediatrics, internal medicine, gerontology, and obstetrics and gynecology.

Eligible female members may use their well visit at their gynecologist or their primary care physician, but not both. If a woman visits both doctors in the same year, only the first routine office visit received will be covered. Women ages 18-65 can also receive a Pap test each calendar year at no member cost through PEBA Perks.

Services not included in an adult well visit

Services not included as part of an adult well visit are those without an A or B recommendation by the USPSTF. Learn more at www.USPreventiveServicesTaskForce.org. Other services, including a complete blood count (CBC), EKG, PSA test and basic metabolic panel, if ordered by your physician to treat a specific condition, may still be covered. These services are subject to copayments, deductibles and coinsurance, as well as normal Plan provisions. Follow-up visits and services as a result of your well visit are also subject to normal Plan provisions.

How to get the most out of your benefits

The State Health Plan offers many value-based benefits at no member cost to its primary members through PEBA Perks. Learn how to coordinate your PEBA Perks benefits with your adult well visit below.

Step 1

Get your preventive screening. You can receive a biometric screening at no cost, which will minimize cost to the Plan at your adult well visit.

.....

Step 2

Have your adult well visit after your preventive screening. USPSTF A and B recommendations are included as part of an adult well visit. After talking with your doctor during a visit, the doctor can decide which services you need and build a personal care plan for you.

.....

Step 3

Share your preventive screening results with your doctor. You will receive a confidential report with your screening results, and we recommend you share it with your doctor to eliminate the need for retesting at a well visit. Sharing your results will minimize the cost of your adult well visit to the Plan.

.....

Step 4

Follow your doctor's recommendations and stay engaged with your health. We encourage you to take advantage of the other PEBA Perks available to you. If you're eligible, sign up for No-Pay Copay to receive certain generic drugs at no cost to you. Learn more at www.PEBAperks.com.

Save money and get the care you need

Your primary care physician should be your first call for routine medical care. But what if your doctor's office is closed? Or it's an emergency? Avoid needless worry, out-of-pocket expenses and hours sitting in the emergency room by knowing your health care options.

Primary care physician

Your primary care physician, or regular doctor, is the best option for medical care, such as:

- Managing your chronic condition.
- Prescription refills.
- Cold and flu symptoms, such as fever, coughing, and sore throat.
- Migraines.
- Minor cuts and bruises.
- Pinkeye.
- Rashes, insect bites, sunburn and other skin irritations.
- Seasonal allergies.
- Sinus or respiratory infections.
- Sprained muscles.
- Urinary tract infections.

Your primary care physician may offer telehealth services, too. Contact your provider for more information.

Telehealth

If your doctor's office is closed, you're traveling or you feel too sick to drive, use a video visit for non-emergency health issues, such as:

- Cold and flu symptoms.
- Pinkeye.
- Rashes and other skin irritations.
- Seasonal allergies.
- Sinus or respiratory infections.
- Urinary tract infections.

Blue CareOnDemand Search for Blue CareOnDemand in your app store. You can see a doctor who can diagnose your symptoms and call in a prescription to your local pharmacy, if needed.

MUSC Health Virtual Care Visit www.MUSChealth.org/virtual-care to start a visit. A doctor will diagnose your symptoms and call in a prescription to your local pharmacy, if needed. You must be in South Carolina at the time of the visit.

Emergencies

Go to the ER or call 911 for serious or life-threatening conditions, such as:

- Coughing up or vomiting blood.
- Heavy, uncontrolled bleeding.
- Loss of consciousness or sudden dizziness.
- Major injuries, such as broken bones or head trauma.
- Severe allergic reactions.
- Signs of a heart attack, such as chest pain that lasts more than two minutes.
- Signs of stroke, such as numbness, or sudden loss of speech or vision.

• You pay a \$15 copayment,¹ plus the remaining allowed amount until you meet your deductible. Then, you pay the copayment plus your coinsurance. To find a PCMH near you, log in to My Health Toolkit and search for a Blue Distinction Center.

• For Blue CareOnDemand, you pay a \$15 copayment,¹ plus the remaining allowed amount until you meet your deductible. Then, you pay the copayment plus your coinsurance. MUSC visits are available at no cost for all State Health Plan members, including Medicare primary members.

• You pay a \$193 copayment,¹ plus the remaining allowed amount until you meet your deductible. Then, you pay the copayment plus your coinsurance.

¹Standard Plan members who receive in-person care at a PCMH will not pay a copayment. Savings Plan members do not pay copayments for any visits, but pay the full allowed amount until meeting their deductible.

The 2023 *Insurance Benefits Guide* (IBG) describes the insurance programs in detail and contains information about all PEBA-sponsored insurance benefits.

The guide will be available online at peba.sc.gov/publications by October 1, 2022.

Have you moved?

If you have recently moved or you plan to move soon, be sure to log in to MyBenefits to update your address on file with PEBA. If you would like to make this address change have an immediate effective date, you should submit the change before submitting your open enrollment changes in MyBenefits. It is particularly important that you keep your address up to date. This ensures that you receive benefits information, including Internal Revenue Service Form 1095. You will receive Form 1095 by January 31, 2023. The form shows you have minimum essential health insurance coverage. The federal Affordable Care Act requires that you have this coverage.

Updating your address in MyBenefits does not update your address for retirement benefits administered by PEBA. Log in to Member Access to update your address for retirement benefits.

How much health insurance do you need?

Do you have more than one Medicare supplement plan? You need only one supplement to traditional Medicare. Having too much health insurance can cost you more. It can also cause claims issues as insurance companies try to determine who the primary payer is.

Are you eligible for Medicare and TRICARE for Life? If so, you don't need the State Health Plan Medicare Supplemental Plan. Open enrollment is the perfect time to drop unneeded insurance. You can keep your dental and vision coverage even if you don't enroll in health insurance.

Members enrolled in the Medicare Supplemental Plan do not need to enroll in a Medicare Advantage plan. The two plans do not coordinate, and Medicare Supplemental Plan members have prescription drug coverage included in their plan.

If changes occur, you can always re-enroll in the Medicare Supplemental Plan. You may do so within 31 days of the change. You can also switch to the Medicare Supplemental Plan during any open enrollment period. Changes made during open enrollment are effective the following January 1.

Federally mandated notices

Grandfathered notice

The S.C. Public Employee Benefit Authority believes the State Health Plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the plan administrator at 803.737.6800 or 888.260.9430.

Summaries of Benefits and Coverage

The 2023 *Summaries of Benefits and Coverage* for the Standard and Savings Plans are available at peba.sc.gov/publications. To request a copy, call PEBA at 803.737.6800 or 888.260.9430.

For example, PEBA may need to give your protected health information to another insurance provider to facilitate the coordination of benefits or to your employer to facilitate the employer's payment of its portion of the premium.
- **For health care operations.** PEBA may use and disclose protected health information about you for other PEBA operations. PEBA may use protected health information in connection with conducting quality assessment and improvement activities; reviewing the competence or qualifications of health care professionals; evaluating practitioner, provider and health plan performance; underwriting, premium rating and other activities relating to health plan coverage; conducting or arranging for medical review, legal services, audit services and fraud and abuse detection programs; business planning and development such as cost management; and business management and general administrative activities. For example, PEBA may disclose your protected health information to an actuary to make decisions regarding premium rates, or it may share your protected health information with other business associates that, through written agreement, provide services to PEBA. These business associates, such as consultants or third-party administrators, are required to protect the privacy of your protected health information.
- **Business associates.** PEBA may contract with individuals or entities known as Business Associates to perform various functions on PEBA's behalf or to provide certain types of services. For example, PEBA may disclose your protected health information to a Business Associate to process your claims for Plan benefits, pharmacy benefits, or other support services, but the Business Associate must enter into a Business Associate contract with PEBA agreeing to implement appropriate safeguards regarding your protected health information.
- **Treatment alternatives and health-related benefits and services.** PEBA may use and disclose your protected health information to contact you about health-related benefits or services that may be of interest to you. For example, you may be contacted and offered enrollment in a program to assist you in handling a chronic disease such as high blood pressure.
- **Individuals involved in your care or payment for your care.** PEBA may, in certain circumstances, disclose protected health information about you to your representative such as a friend or family member who is involved in your health care, or to your representative who helps pay for your care. PEBA may disclose your protected health information to an agency assisting in disaster relief efforts so that your family can be notified about your condition, status and location.
- **Research.** PEBA may use and disclose your de-identified protected health information for research purposes or PEBA may share protected health information for research approved by an institutional review board or privacy board after review of the research rules to ensure the privacy of your protected health information. For example, a research project may compare the health/recovery of patients who receive a medication with those who receive another medication for the same condition.

- **As required by law.** PEBA will disclose protected health information about you when it is required to do so by federal or South Carolina law. For example, PEBA will report any suspected insurance fraud as required by South Carolina law.
- **To avert a serious threat to health or safety, or for public health activities.** PEBA may use and disclose protected health information about you when necessary to prevent a serious threat to your health and safety, or to the health and safety of the public, or for public health activities.
- **Organ and tissue donation.** If you are an organ donor, PEBA may disclose your protected health information to organizations that handle organ, eye or tissue procurement, transplantation or donation.
- **Coroners, medical examiners and funeral directors.** PEBA may share your protected health information with a coroner/medical examiner or funeral director as needed to carry out their duties.
- **Military and veterans.** If you are a member of the armed forces, PEBA may disclose protected health information about you after the notice requirements are fulfilled by military command authorities.
- **Workers' compensation.** PEBA may disclose protected health information about you for workers' compensation or similar programs that provide benefits for work-related injuries or illness.
- **Health oversight activities.** PEBA may disclose your protected health information to a health oversight agency for authorized activities such as audits and investigations.
- **Lawsuits and disputes.** PEBA may disclose your protected health information in response to a court or administrative order, a subpoena, discovery request, or other lawful process if PEBA receives assurance from the party seeking the information that you have either been given notice of the request, or that the party seeking the information has tried to secure a qualified protective order regarding this information.
- **Law enforcement.** PEBA may disclose information to a law enforcement official in response to a court order, subpoena, warrant, summons, or similar process.
- **National security, intelligence activities and protective services.** PEBA may disclose your protected health information to authorized officials for intelligence, counterintelligence and other national security activities; to conduct special investigations; and to provide protection for the President, other authorized persons or foreign heads of state.
- **Inmates.** If you are an inmate of a correctional institution or are in the custody of a law enforcement official, PEBA may disclose your protected health information if the disclosure is necessary to provide you with health care, or to protect your health and safety or the health and safety of others.
- **Fundraising.** PEBA will not use or release your protected health information for purposes of fundraising activities.
- **Sale or marketing.** Your authorization is required for PEBA's use or disclosure of any PHI for marketing purposes, or for any disclosure by PEBA that constitutes the sale of PHI.

Your rights regarding your protected health information

You have the following rights regarding the protected health information that PEBA has about you:

- **Right to inspect and copy.** You have the right to request to see and receive a copy of your protected health information or, if you agree to the preparation cost, PEBA may provide you with a written summary. If PEBA maintains an electronic health record containing your protected health information, you have the right to request that PEBA send a copy of your protected health information in an electronic format to you. Some protected health information is exempt from disclosure. To see or obtain a copy of your protected health information, send a written request to: S.C. Public Employee Benefit Authority, Attn: HIPAA Privacy Officer, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA may charge a fee for the costs associated with your request. In limited cases, PEBA may deny your request. If your request is denied, you may request a review of the denial.
- **Right to amend.** If you believe that your protected health information is incorrect or incomplete, you may ask PEBA to amend the information by sending a written request to: S.C. Public Employee Benefit Authority, Attn: HIPAA Privacy Officer, 202 Arbor Lake Drive, Columbia, SC 29223, stating the reason you believe your information should be amended. PEBA may deny your request if you ask it to amend information that was not created by PEBA, the information is not part of the protected health information kept by or for PEBA, the information is not part of the information you would be permitted to inspect and copy or your protected health information is accurate and complete. You have the right to request an amendment for as long as PEBA keeps the information.
- **Right to an accounting of disclosures.** You have the right to request a list of the disclosures of your protected health information PEBA has made. This list will NOT include protected health information released to provide treatment to you, to obtain payment for services or for health care operations; releases for national security purposes; releases to correctional institutions or law enforcement officials as required by law; releases authorized by you; releases of your protected health information to you;

releases as part of a limited data set; releases to representatives involved in your health care; releases otherwise required by law or regulation and releases made prior to April 14, 2003. You must submit your request for an accounting of disclosures in writing to S.C. Public Employee Benefit Authority, Attn: HIPAA Privacy Officer, 202 Arbor Lake Drive, Columbia, SC 29223, indicating a time period that may not go back beyond six years. Your request should indicate the form in which you want the list (for example, by paper or electronically). The first list that you request within a 12-month period will be provided free of charge; however, PEBA may charge you for the cost of providing additional lists within a 12-month period.

- **Right to request restrictions of use and disclosure.** You have the right to request a restriction on the protected health information that PEBA uses or discloses. You also have the right to request a limit on the protected health information that PEBA discloses about you to someone who is involved in your care or the payment for your care. Please note that the protected health information collected by PEBA is not used for any other purpose than as necessary for the administration of your benefits as described above and is kept confidential pursuant to the requirements of state and federal law, including the protections under HIPAA and HITECH. PEBA is not required to agree to your request(s). If PEBA does agree, PEBA will comply with your request(s) unless the information is needed to provide you with emergency treatment. In your request, you must specify what information you want to limit and to whom you want the limits to apply. You must make these request(s), in writing, to S.C. Public Employee Benefit Authority, Attn: HIPAA Privacy Officer, 202 Arbor Lake Drive, Columbia, SC 29223
- **Right to request confidential communications.** You have the right to request that PEBA communicate about your protected health information by alternative means or to an alternative location to avoid endangering you. PEBA will accommodate your request if (a) it is reasonable, (b) you state clearly that failure to communicate your protected health information by the alternative means or to the alternative location could endanger you, and (c) you provide reasonable alternative means or location for communicating with you. You must make these request(s), in writing, to S.C. Public Employee Benefit Authority, Attn: HIPAA Privacy Officer, 202 Arbor Lake Drive, Columbia, SC 29223.
- **Right to restrict release of information for certain services.** Unless the disclosure is required by law, you have the right to restrict the disclosure of information regarding services for which you have paid in full or on an out-of-pocket basis. This information can be released only upon your written authorization.
- **Right to a paper copy of this notice.** You have the right to request a paper copy of this notice at any time by contacting PEBA's HIPAA Privacy Officer at S.C. HIPAA Notice of Special Enrollment Rights

If you are declining enrollment for yourself or your dependents (including your spouse) because of other health insurance or group health plan coverage, you may be able to enroll yourself and your dependents in this plan if you or your dependents lose eligibility for that other coverage (or if the employer stops contributing toward your or your dependents' other coverage). However, you must request enrollment within 30 days after your or your dependents' other coverage ends (or after the employer stops contributing toward the other coverage). In addition, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents. However, you must request enrollment within 30 days after the marriage, birth, adoption or placement for adoption. To request special enrollment or obtain more information, contact your benefits administrator.

Women's Health and Cancer Rights Act

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses and complications resulting from a mastectomy, including lymphedema? Call your plan administrator at 803.737.6800 or 888.260.9430 for more information.

Newborn's and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

New Health Insurance Marketplace coverage options and your health coverage

PART A: General information

To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one-stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2022 for coverage starting as early as January 1, 2023.

Can I save money on my health insurance premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does employer health coverage affect eligibility for premium savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution—as well as your employee contribution to employer-offered coverage—is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How can I get more information?

For more information about your coverage offered by your employer, please check your summary plan description or contact your employer's human resources department.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit [HealthCare.gov](https://www.healthcare.gov) for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

Premium assistance under Medicaid and the Children’s Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs, but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a state listed below, contact your state Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call 1-866-444-EBSA (3272).

Medicare Part D creditable coverage letter

Important notice from PEBA about your prescription drug coverage and Medicare

Please read this notice carefully and keep it where you can find it.

This notice has information about your current prescription drug coverage with PEBA and about your options under Medicare's prescription drug coverage. This information can help you decide whether you want to join a Medicare prescription drug plan other than Express Scripts Medicare, the State Health Plan's Medicare prescription drug program.

If you are considering joining another Part D plan, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (such as a health maintenance organization or preferred provider organization) that offers prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
2. PEBA offers Express Scripts Medicare and the State Health Plan Prescription Drug Program to members enrolled in Medicare. It has determined that the prescription drug coverage offered through the Standard Plan or the Medicare Supplemental Plan is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays. It is therefore considered creditable coverage. Because your existing coverage is creditable coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare prescription drug plan.

When can you join a Medicare prescription drug plan?

You can join a Medicare prescription drug plan when you first become eligible for Medicare and each year from October 15 to December 7. However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two-month Special Enrollment Period to join a Medicare prescription drug plan.

What happens to your current coverage if you decide to join a Medicare prescription drug plan?

If you decide to join a Medicare prescription drug plan other than the one sponsored by PEBA, you will lose your prescription drug coverage provided through your health plan with PEBA, and your premiums will not decrease. Please note that you and your dependents will be able to get this coverage back.

Before you decide to switch to other Medicare prescription drug coverage and drop your PEBA coverage, you should compare your PEBA

coverage, including which drugs are covered, with the coverage and cost of any plans offering Medicare prescription drug coverage in your area.

When will you pay a higher premium (penalty) to join a Medicare drug plan?

If you drop or lose your current coverage with PEBA and don't join a Medicare prescription drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare prescription drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1 percent of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19 percent higher than the Medicare base beneficiary premium.

You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For more information about this notice or your current prescription drug coverage

Contact PEBA at the address or telephone number listed below.

Note: You will receive this notice each year before the next period you can join a Medicare prescription drug plan and if this coverage through PEBA changes. You also may request a copy of this notice at any time.

For more information about your options under Medicare prescription drug coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the *Medicare & You* handbook. You will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans.

Your rights and protections against surprise medical bills

When you get emergency care or are treated by an out-of-network provider at a network hospital or ambulatory surgical center, you are protected from surprise billing. In these cases, you shouldn't be charged more than the State Health Plan's copayments, deductible and coinsurance.

What is surprise billing?

Surprise billing happens when you receive a bill for a service when you can't control who is involved in your care, like when you have an emergency or when you schedule a visit at a network facility but are unexpectedly treated by an out-of-network provider.

You are protected from surprise billing for the following services:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is the State Health Plan's network cost sharing amount, such as copayments, deductibles and coinsurance. You can't be charged more than the Plan's allowed amount for these emergency services. This includes services you may get after you're in stable condition unless you give written consent and give up your protections against being charged more than the Plan's allowed amount for these services.

Certain services at a network hospital or ambulatory surgical center

When you get services from a network hospital or ambulatory surgical center, certain providers there may be out of network. In these cases, the most those providers can bill you is the State Health Plan's network cost sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist or intensivist services. These providers can't

charge you more than the Plan's allowed amount and may not ask you to give up your protections against surprise billing.

If you get other types of services at these network facilities, out-of-network providers can't charge you more than the Plan's allowed amount unless you give written consent and give up your protections.

You are never required to give up your protections from surprise billing. You also are not required to get out-of-network care. You can choose a provider or facility in the State Health Plan's network.

When you are protected against surprise billing, you also have these protections:

- You're only responsible for paying your share of the cost. This cost includes the copayments, deductibles and coinsurance you would pay if the provider or facility was in network. The State Health Plan will pay any additional costs to out-of-network providers and facilities directly.
- Generally, the State Health Plan must:
 - Cover emergency services without requiring you to get approval for services in advance, also known as prior authorization.
 - Cover emergency services by out-of-network providers.
 - Base what you owe the provider or facility (cost sharing) on what it would pay a network provider or facility and show that amount in your Explanation of Benefits.
 - Count any amount you pay for emergency or out-of-network services toward your in-network deductible and out-of-pocket coinsurance maximum.

If you think you've been wrongly billed, contact the United States Department of Health and Human Services at 888.393.2789. The toll-free phone number for information and complaints is 800.985.3059.

You may also receive help through an applicable state consumer assistance program. Visit www.dol.gov/sites/default/files/ebsa/laws-and-regulations/laws/affordable-care-act/for-employers-and-advisers/consumer-assistance-programs.doc for contact information by state. Visit www.dol.gov/agencies/ebsa/laws-and-regulations/laws/no-surprises-act for more information about your rights under federal law.

Note: If you choose to use an out-of-network provider, the provider may bill you the difference in its cost and the allowed amount. This is known as a balance bill. Learn more about balance billing online.
