INTRODUCTORY SECTION

South Carolina Retirement Systems

PURVIS W. COLLINS
DIRECTOR

P. O. BOX 11960 - CAPITOL STATION
COLUMBIA, S. C. 29211

December 31, 1986

Honorable Carroll A. Campbell, Governor
and
State Budget and Control Board
State of South Carolina

Gentlemen:

The Comprehensive Annual Financial Report of the South Carolina Retirement Systems for the fiscal year ended June 30, 1986 is submitted herewith. This report contains information on the four retirement plans administered by the State of South Carolina; the South Carolina Retirement System providing coverage for employees of the State, public schools and other political subdivisions; the Police Officers Retirement System providing coverage for policemen and firemen; the General Assembly Retirement System providing coverage to members of the General Assembly; and the Judges and Solicitors Retirement System providing coverage to the State Judges and solicitors.

This report consists of four sections. The Introduction Section contains the Director's letter of transmittal, an organizational chart of the Agency and description of responsibilities for each section and a summary of current legislative changes. The Financial Section contains the financial statements of each retirement plan and related schedules. The Actuarial Section contains a summary of plan provisions for each System and schedules of actuarial statistics. The Statistical Section contains various tables and schedules of significant data related to the System as well as summary schedules of Investments.

FINANCIAL REPORTING

It is the goal of the Systems to be in compliance with generally accepted accounting principles. The System is currently reviewing present reporting practices and developing a plan to modify systems and procedures necessary in order to be in conformance with GAAP.

REVENUES

In order for a retirement system to properly fund the payments of retirement benefits in future years, it is necessary to accumulate funds on a regular and systematic basis. There are three principal sources from which the Systems derive revenues: employee contributions, employer contributions, and earnings on investments. Investment earnings in the South Carolina Retirement System and Police Officers Retirement System continue to provide in excess of 50% of the total new funds flowing into the Systems.

Total revenues for the South Carolina Retirement System rose from \$677.9 million for 1985 to \$820.6 million for 1986, an increase of almost \$143 million or 21%. The Police Officers Retirement System sustained a revenue growth rate of 38.2% with total revenues increasing from \$56.6 million in 1985 to \$78.3 million in 1986. A substantial portion of overall revenue growth is attributable to the growth in investment earnings.

EXPENSES

Expenses of the Systems consist primarily of payments of monthly annuities to retired members and their beneficiaries and the refund of member contributions upon termination. Other programs administered by the Systems include a group life insurance plan for both active and retired members, and an accidental death plan for police officers. Total annuity payments, including supplements, increased from \$171.2 million in 1985 to \$191 million in 1986, a growth of \$19.8 million or 11.6%.

The operating costs of the Systems are funded by transfers from the systems' assets to an administrative fund.

A summary of operating costs is shown below:

	1986	1985
Personal Service:		
Salaries	\$2,917,307	\$1,762,682
Fringe Benefits	<u>545,928</u>	<u>326,504</u>
Total Personal Service	3,463,235	2,089,186
Operating Expenses:		
Contractual Services	1,133,732	561,184
Supplies	219,868	157,821
Rents & Fixed Charges	402,935	265,044
Travel	59,703	39,738
Equipment	259,529	175,965
Other	<u>13,400</u>	<u>11,709</u>
Total Operating Expenses	<u>2,089,167</u>	<u>1,211,461</u>
Total Cost of Operations	<u>\$5,552,402</u>	<u>\$3,300,647</u>

The remainder of this report contains various financial and statistical information useful in presenting a complete overview of the Systems.

Respectfully submitted,

Purvis W. Collins

Jb

SOUTH CAROLINA RETIREMENT SYSTEMS

ORGANIZATIONAL DESCRIPTION:

The structural organization of the Agency is depicted on the chart shown on the facing page. A brief description of the primary functions performed by each department follows:

Financial Services Division:

Accounting Section - Responsible for maintenance of records of all receipts and disbursements, investment accounting, financial accounting records, and financial control of member contribution records. Responsible for maintenance of financial records over all insurance programs.

Member Accounts Section - Responsible for financial control over all detail member contribution records.

Benefits Payroll Section - Responsible for the disbursement of monthly annuity benefit payments to all retired members.

Field Services Section - Primary functions are to meet with governing bodies of various entities considering obtaining coverage under one or more of our programs and meeting with employers concerning reporting procedures and policies.

Insurance Benefits Division:

Research and Intervention Section - Responsible for performing research and evaluation functions over insurance programs and preparation of statistical information as well as evaluation of the insurance programs.

Operations Section - Responsible for the enrollment of and changes in coverage of all participants in the various available coverages.

Customer Service - Responsible for providing counseling services to participants of various health and dental programs.

Information Services Division:

Data Processing Section - Responsible for the design, implementation and control over all automation applications within the Agency.

Records Department - Responsible for the processing of applications of new employers requesting participation in the Systems as well as the enrollment of all new members and maintenance of complete historical records of each member.

Service Section - Responsible for the compiling and automation of retirement service credit for all members of the Retirement Systems.

Counseling Section - Responsible for counseling members relating to retirement, and processing all retirement documents upon actual retirement of a member.

Refunds Section - Responsible for the disbursement of lump sum payments to members who terminate covered employment prior to retirement.

Pre-Retirement Section - A section with the overall objective of better preparing the membership for retirement through conducting seminars and meetings with employer representatives covering areas such as planning for economic security, health and safety, housing and meaningful use of time.

CURRENT LEGISLATION

R500 Authorizes an active member to purchase up to 5 years additional retirement service credit. The member must have at least 25 years of service credit, the amount purchased must establish eligibility to retire and the member must retire within 90 days after purchase.

The member must pay full actuarial cost and, if under the state health and dental insurance program and wishes to continue coverage, must pay the employer and employee cost for the period purchased.

*Members of Police System must be under age 55 to be eligible for purchase.

R512 Authorizes an active member to purchase a portion of out-of-state service (public service) or federal service on a one-time basis. Prior to this change, a member was required to purchase all or none.

R619 Excludes from the benefit calculation payments for unused sick leave, single special payments at retirement, bonus and incentive-type payments, or any other payments not considered a part of the regular salary base. These payments are also excluded from the contribution base. The exception is up to 45 days pay for unused annual leave at retirement.

This amendment also changes the period for which a disability application is valid from 6 months to 9 months.

The following changes were approved in the State Appropriations Bill:

1. Increased the earnings limitation from \$7,500 to \$8,000 annually. A retired member who returns to employment with an employer covered by the System is authorized to earn up to \$8,000 in a fiscal year. The month following the month (counting from July 1) in which \$8,000 is exceeded, the retirement allowance is discontinued for the remainder of the fiscal year.
2. Effective July 1, 1986, members retiring under the System will have the benefit calculated on the average of the 12 highest consecutive quarters of salary in lieu of the 3 highest consecutive fiscal years. Quarters are defined as July through September, October through December, January through March and April through June. This change is applicable to the employee-teacher and police Systems.

**NOTES TO FINANCIAL STATEMENTS
THE RETIREMENT SYSTEMS OF SOUTH CAROLINA**

DESCRIPTION OF PLANS AND TERMS:

The State of South Carolina, through the Retirement Division of the State Budget and Control Board, administers four (4) contributory defined benefit pension plans as follows:

The South Carolina Retirement System was established, effective July 1, 1945, pursuant to the provisions of Section 9-1-20 of the 1976 South Carolina Code of Laws for the purpose of providing retirement allowances and other benefits for teachers and employees of the State and political subdivisions thereof.

Employee contributions under this system are established by law at 4% of the first \$4,800 in annual earnings and 6% of all earnings over \$4,800 per year for Class II members. Class I members contribute 3% of the first \$4,800 in annual earnings and 5% of all earnings over \$4,800 per year. Employer contributions, as required by law, are established by the Budget and Control Board at rates sufficient to cover both the liability for current service and the accrued liabilities for past service.

Employer contribution rates at June 30, 1986, were as follows:

	Class II	Class I
State Agencies	7.00%	N/A
Public Schools	7.00%	N/A
Local Subdivisions	6.15%	3.70%

Included in the above rates is a .50% contribution to a special cost-of-living fund used to fund post-retirement cost-of-living increases. In addition, the System offers a group life insurance program under which participating employers contribute .3% of covered payroll.

The South Carolina Police Officers Retirement System was established, effective July 1, 1962, pursuant to the provisions of Section 9-11-20 of the Code of Laws for the purpose of providing retirement allowances and other benefits for police officers and firemen.

Employee contributions under this system are established by law at 5% of annual earnings for Class II members and \$16 per month for Class I members. Employer contribution rates, as required by law, are established by the Budget and Control Board at rates sufficient to cover both the liability for current service and the accrued liabilities for past service.

Employer contribution rates at June 30, 1986 were as follows:

	Class II	Class I
State Agencies	10.3%	7.8%
Local Subdivisions	10.3%	7.8%

Description of Plans and Terms continued....

In addition, the System offers a group life insurance program under which participating employers contribute .4% of covered payroll and an accidental death plan under which employers contribute .2% of covered payroll.

The Retirement System for Members of the General Assembly of the State of South Carolina (GARS) was created, effective January 1, 1966, pursuant to the provisions of Section 9-9-20 of the Code of Laws to provide retirement allowances and other benefits for members of the General Assembly.

Employee contributions are established by law at 10% of each member's earnable compensation. Employer contributions are established annually by the Budget and Control Board at such amounts as are necessary to fund both the cost of current service and accrued liabilities for past service. The employer contribution for FY 85-86 was \$1,333,772 which includes the cost of a group life insurance plan.

The Retirement System for Judges and Solicitors of the State of South Carolina (JSRS) was created, effective July 1, 1979, for the purpose of providing retirement allowances and other benefits for judges and solicitors.

Employee contributions are established by law at 7% of earnable compensation. The employer contribution rate is established by the Budget and Control Board at a rate sufficient to cover the liability for both current service and past service. The employer contribution for FY 85-86 was \$2,924,580 which includes the cost of a group life insurance plan.

The number and types of employers contributing to each System and the annual covered payroll of each type for the year ended June 30, 1985 are as follows:

	State*	School	Other	Total
SCRS				
Number of Employers	166	111	363	640
Annual Covered Payroll	\$1,146,551,024	\$1,133,231,849	\$346,107,711	\$2,625,890,584
Average Number of Contributing Members	59,463	66,455	25,395	151,313
PORS				
Number of Employers	34		178	212
Annual Covered Payroll	\$ 87,590,959		\$106,468,647	\$ 194,059,606
Average Number of Contributing Members	4,974		6,291	11,265

Description of Plans and Terms continued...

	State*	School	Other	Total
GARS				
Number of Employers	2			2
Annual Covered Payroll	\$ 2,302,882			\$ 2,302,882
Average Number of Contributing Members	170			170
JSRS				
Number of Employers	2			2
Annual Covered Payroll	\$ 7,131,007			\$ 7,131,007
Average Number of Contributing Members	104			104

*Note: Each State Agency is considered a separate employer for reporting purposes.

The Systems provide benefits including normal annuity payments, early retirement annuities, deferred annuities, disability retirement benefits, accidental death benefits (PORS only), and group life insurance benefits.

A summary of retirees and beneficiaries at June 30, 1986 follows:

	SCRS	PORS	GARS	JSRS
Service retirees	27,641	1,459	92	33
Disability retirees	2,829	307		2
Beneficiaries	2,297	282	19	19
Total	32,767	2,048	111	54

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Responsibility for the investment of all funds of the Systems is vested in the State Treasurer under the restrictions imposed by Section 11-9-660 of the Code of Laws.

Investments are valued at adjusted amortized cost (amortized cost plus unamortized deferred yield adjustments). The Systems amortize bond premium and accrete bond discount for all securities using the straight-line method based upon maturity dates. Gains and losses on bond exchanges are accounted for under the deferral and amortization method of accounting whereby net gains and losses on bond exchanges are deferred and amortized over the shorter of the life of the bond sold or purchased.

Earnings on investments consist of interest actually received during the year (net of accrued interest on bonds purchased), less amortization of bond premium, plus accretion of bond discount, and the amortization of the deferred yield adjustment. Any gains and losses arising from non-exchange bond transactions are not deferred and are recognized as current year gains and losses.

Summary of Significant Accounting Policies Continued...

Contributions from members and employers are recorded on the accrual basis of accounting.

Retirement and annuity benefits, group life insurance claims and refunds to members are recorded on the cash basis of accounting.

The costs of administering the Retirement Systems are based on budgeted expenditures as authorized by the State Appropriations Act. Funds are disbursed from the respective Retirement Systems to an administrative expense fund from which actual expenditures are made.

ACTUARIAL INFORMATION

Actuarial valuations of the Systems are performed by an independent actuary. The most recent valuations completed are as of June 30, 1985, results of which are summarized below:

SCRS

Valuation Method - Projected benefit method with level percentage entry age normal cost and open-end unfunded accrued liability. Gains and losses are reflected in the period remaining to liquidate the unfunded accrued liability.

Interest Rate - 7% per annum, compounded annually.

Salary Increase - Range progressively from approximately 11.3% at age twenty to approximately 5.3% at age sixty-five.

Separations - Rates of separation due to withdrawal, death, service retirement, and disability are based upon tables constructed from past experience of the System.

Unfunded Accrued Liability - \$210,042,646.

Unfunded Accrued Liability Liquidation Period - 4 years.

PORS

Valuation Method - Projected benefit method with level percentage entry age normal cost and open-end unfunded accrued liability. Gains and losses are reflected in the period remaining to liquidate the unfunded accrued liability.

Interest Rate 7% per annum, compounded annually.

Actuarial Information continued...

Salary Increase - Range progressively from 11.29% at age twenty to approximately 5.30% at age sixty-four.

Separations - Rates of separation due to withdrawal, death, service retirement, and disability are based upon tables constructed from past experience of the System.

Unfunded Accrued Liability - \$25,573,813 (Includes cost of all current and future cost-of-living adjustments to retired members and active members eligible for service retirement).

Unfunded Accrued Liability Liquidation Period - 4 years.

GARS

Valuation Method - Projected benefit method with entry age normal cost and open-end unfunded accrued liability. Gains and losses are reflected in the unfunded accrued liability.

Interest Rate - 7% per annum, compounded annually.

Salary Increase - Assumed increase of 5% per annum.

Separations - Rates of separation due to withdrawal, death, disability and service retirement are based upon rates of death and disability of male and female teachers; the mortality table for service pensioners, and the disability mortality table for male teachers in use under the South Carolina Retirement System.

Unfunded Accrued Liability - \$9,783,310 (Includes cost of all current and future cost-of-living adjustments to retired members and active members eligible for service retirement).

Unfunded Accrued Liability Liquidation Period - 21 years.

JSRS

Valuation Method - Projected benefit method with entry age normal cost and open-end unfunded accrued liability. Gains and losses are reflected in the unfunded accrued liability.

Interest Rate - 7% per annum, compounded annually.

Salary Increase - 6% per annum, compounded annually.

Actuarial Information continued...

Separation's - Rates of separation due to withdrawal, disability and death are based upon assumed rates varying from approximately .15% at age 25 to approximately 9.75% at age 69.

Unfunded Accrued Liability - \$31,963,886 (Includes cost of all current and future cost-of-living adjustments to retired members and active members eligible for service retirement).

Unfunded Accrued Liability Liquidation Period - 30 years.

Cost of Living Fund

By action of the Budget and Control Board on March 26, 1985, employer contributions payable to the group life insurance fund were reallocated to the cost of living fund for fiscal year 1985-86.

In addition, effective June 30, 1986, the cost of living fund was transferred to the regular employer contributions fund. The employer contributions fund then assumed the liability for payment of all cost of living increments granted to retirees.

INVESTMENTS

Contributions to and earnings of the Systems are expected to exceed retirement and withdrawal payments for an extended period of time. As a consequence of this cash flow, no provision is considered necessary for possible losses on disposal of securities in the investment portfolio because the systems have the ability and intend to either hold the securities to maturity or exchange such securities and do not expect to realize any significant losses. Market value is one of the factors considered in the overall management of the portfolios which are governed primarily by specific statutory requirements. Independent investment counsel is retained to assist in the investment process.

Adjusted amortized costs of investments for the respective Systems are shown on the following schedules:
