2022
Accountability Report

SUBMISSION FORM

I have reviewed and approved the data submitted by the agency in the following templates:

- Data Template
 - Reorganization and Compliance
 - FY2022 Strategic Plan Results
 - FY2023 Strategic Plan Development
 - Legal
 - Services
 - Partnerships
 - Report or Review
 - Budget
- Discussion Template
- Organizational Template

I have reviewed and approved the financial report summarizing the agency's budget and actual expenditures, as entered by the agency into the South Carolina Enterprise Information System.

The information submitted is complete and accurate to the extent of my knowledge.

AGENCY DIRECTOR (SIGN AND DATE):	SIGNATURE ON FILE	Signature Received: 9/14/2022 14:22
(TYPE/PRINT NAME):	Peggy G. Boykin, CPA	

BOARD/CMSN CHAIR (SIGN AND DATE):	SIGNATURE ON FILE	Signature Received: 9/14/2022 14:22

AGENCY'S DISCUSSION AND ANALYSIS

The South Carolina Public Employee Benefit Authority (PEBA) is the state agency responsible for the administration and management of the state's employee insurance programs and retirement systems for South Carolina's public workforce. PEBA administers insurance benefits to more than 509,000 members, and more than 640,000 public employees are covered by the five defined benefit retirement plans. An additional 60,000 members participate in the State Optional Retirement Program, and nearly 100,000 participate in the supplemental Deferred Compensation Program. PEBA disburses more than \$3.6 billion in retirement benefits and more than \$2.5 billion in insurance claims expenditures each year.

The COVID-19 pandemic continued to impact the agency throughout fiscal year 2022. With the capability to offer telecommuting as a mainstay in state government agencies, PEBA developed formal telecommuting policies and procedures that were approved by State Human Resources and implemented throughout the agency. By providing the ability to work remotely, adapting to COVID quarantine situations was less of a burden, and telecommuting will be an attractive program to offer current and prospective employees.

The agency's core strategic goals and strategies continue to drive business on a day-to-day basis, but the PEBA:Connect project has required a shift in strategic focus. Currently, all goals, strategies and action items are viewed as they relate to the new system implementation.

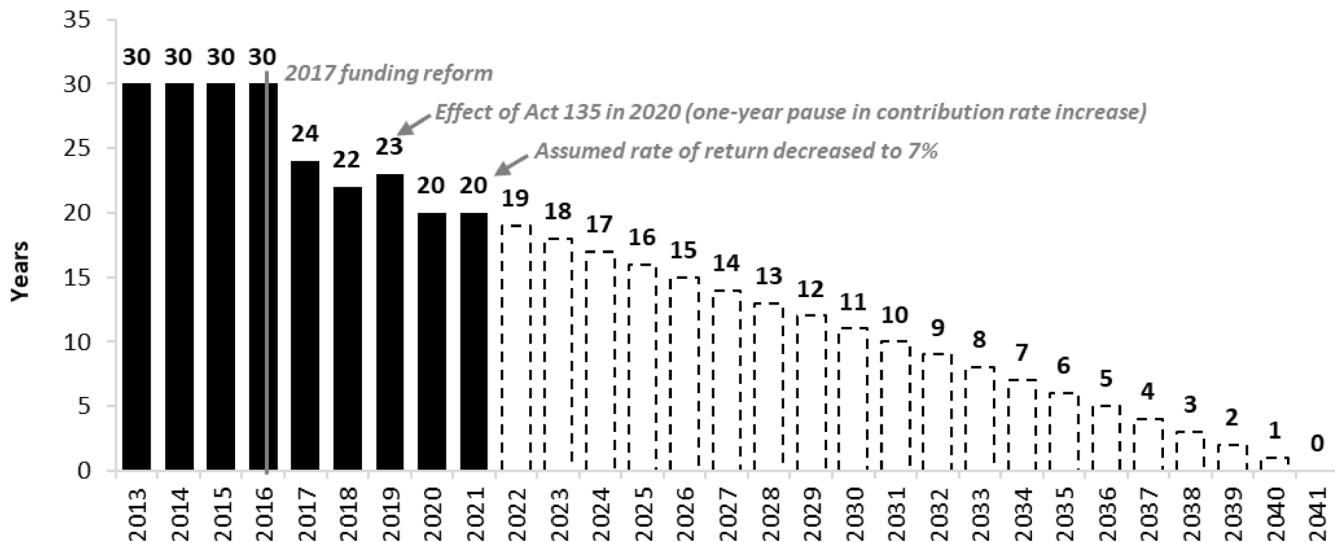

Promote financially sound PEBA programs

Funding reform that occurred through the Retirement System Funding and Administration Act of 2017 has continued to prove to be successful. The act decreased the assumed rate of return from 7.5% to 7.25% effective July 1, 2017. This rate remained in effect through July 1, 2021. Effective July 1, 2021, the assumed rate of return decreased from 7.25% to 7%.

The Act also changed employee and employer contribution rates effective July 1, 2017. While employee rates were increased and capped, employer rates for SCRS and PORS increased by 2%. A schedule of rates includes additional 1% increases annually through July 1, 2022; however, the General Assembly included a provision in its continuing resolution suspending the statutory employer contribution rate increase for fiscal year 2021. Rate increases resumed in fiscal year 2022.

While, as expected, the dollar amount of the UAAL has increased in the near term, the additional contributions required by the 2017 legislation have reduced the funding period to pay off that liability. If actuarial assumptions are met, the funding period is expected to continue to shorten over time. The actual reduction in the amortization period will depend upon emerging experience, including investment experience.

AGENCY CODE:	F500	SECTION: 108

Because of continued COVID-related financial uncertainties for the State Health Plan, PEBA prepared a joint resolution to waive the OPEB sweep of excess surplus at end of 2021. The General Assembly passed the joint resolution and the Governor signed into law in January 2022. Additionally, a proviso was included in the fiscal year 2023 Appropriations Bill to waive the sweep in future years until Plan finances are stable and leadership are confident COVID-related distortions will no longer impact the Plan.

Medical expense in the State Health Plan surged in 2021 with medical trend in the double digits for the first time in a generation. This was attributable to substantial COVID-related claims in the first part of the year, and higher-than-expected non-COVID claims, which were partially but not completely the result of care delayed in 2020. More favorable prescription drug pricing from a new contract with Express Scripts (the Plan's pharmacy benefits manager, or PBM) offset the medical claims surge to a degree, but overall Plan trend still exceeded what has been observed in recent years.

The Plan was in a strong cash position at the beginning of 2021. With that, and the aforementioned joint resolution waiving the OPEB sweep, there were no concerns about the Plan running out of money during that year, despite the unanticipated increase in claims expense that resulted in a total loss ratio above 1 for the first time in many years. However, as 2022 plan year rates were set in motion in late 2020 as part of the legislative budget process, the 2021 surge was not considered in formulating these rates. With the higher claims base, it is expected that 2022 will be the second consecutive financially negative year for the Plan, even though expenses have moderated considerably in the first half of the year. Because of this, PEBA requested a historically high rate increase for plan year 2023. The General Assembly funded this request in the form of an 18.1% employer-only increase effective January 2023. The 2023 plan year rates should serve to level-set Plan contributions with expenses and get the program's finances back on a stable footing.

Because of concerns that, in a worst-case scenario, the Plan may run out of funds in 2022 to pay claims before the 2023 rate increase becomes effective, PEBA requested \$200 million in one-time funds during the most recent legislative session. This request was granted in the form of a contingency appropriation from federal COVID-relief funds that will flow to the Plan in the event those monies are needed to avoid a disruption in paying claims timely.

As always, PEBA continuously reviews major cost drivers of the State Health Plan and evaluates changes to provide further cost containment strategies and Plan initiatives to improve member health outcomes.

State Health Plan vs. national trends

The target is to maintain expenditure growth at least two points below the benchmark.

	Benchmark	State Health Plan
2017	6.5%	2.5%
2018	7.1%	3.2%
2019	6.7%	2.5%
2020	5.2%	3.7%
2021	7.2%	7.1 ¹ %
5-year average (2017-2021)	6.5%	3.8%

¹Incurred in 12 months; paid in 19 months.

The benchmark is a blended number derived from annual health care cost trend surveys produced by national consulting firms including Aon, Buck, PriceWaterhouseCoopers, Segal and Willis Towers Watson, when available.

2021 average annual deductible¹

	Amount
State Health Plan	\$490
Large public and private sector employers²	\$976
All employers	\$1,245

¹Average annual deductible in PPO (Preferred Provider Organization) plans.

²Large public and private sector employers: ≥ 200 employees in public and private sectors.

Data from the Kaiser Family Foundation Employer Health Benefits 2021 Annual Survey

2021 Composite monthly premiums¹

	Employer	Employee	Total
State Health Plan	\$579.41	\$160.08	\$739.49
South²	\$803.71	\$197.72	\$1,001.43
United States	\$957.55	\$174.32	\$1,131.87

Survey uses most prevalent plan among state employee options for analysis.

¹Composite monthly premiums: weighted average of all PEBA health subscribers enrolled in each coverage level.

²South includes Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia and West Virginia.

Data from the 2022 PEBA 50-State Survey of State Employee Health Plans

PEBA continued to collaborate with contractors on special plan provisions made to accommodate the coronavirus pandemic and to ensure provisions aligned with federal legislation and public health guidelines. State Health Plan benefits included the continued appropriate coverage of COVID-19 vaccines at no member

AGENCY NAME:	South Carolina Public Employee Benefit Authority		
AGENCY CODE:	F500	SECTION:	108

cost under both the medical and pharmacy benefit, as well as the addition of coverage of other-the-counter COVID tests at no member cost.

PEBA implemented the BioIQ colorectal cancer screening program for plan year 2021 at no cost to members. This program targets State Health Plan primary members ages 55 and older who have not had a recent colorectal cancer screening, either colonoscopy or a take-at-home test. Eligible members receive a letter in the mail that includes an at-home colorectal cancer screening kit, or FIT test. Members return the kit to BioIQ for processing, and they are contacted with results. Members who receive a positive result are encouraged to make an appointment with their primary care physician within two weeks to discuss the result and learn about the next steps to take. To date, 27,360 kits have been mailed to eligible members with a return rate of 15.5%. Of those returned, 7.4%, or 316 results, had a positive result and those members were encouraged to follow up with their primary care physician.

Beginning January 1, 2022, the State Health Plan implemented a program for members for whom Medicare is the primary payer. Medications eligible for Medicare Part B and filled at a network retail pharmacy will be covered and paid under the member's Medicare Part B coverage as the primary coverage. Generally, if the drug or supply is covered under Medicare Part B, it pays 80%, then the State Health Plan pays the remaining 20%; however, members will no longer pay a copayment for Medicare Part B medications if coverage is coordinated with Medicare Part B.

The rising cost of prescription medications continues to be one of the greatest challenges facing the health insurance industry today. In Plan Year 2022, PEBA continued to offer Express Scripts' insulin copay assistance program that allows State Health Plan primary members to pay no more than \$25 for a 30-day supply of preferred and participating insulin products with no additional cost to the Plan.

Express Scripts partnered with SaveOnSP to help MUSC Health Plan members save money on certain specialty medications. Members taking a medication included on the SaveOnSP drug list are eligible for the SaveOnSP program and can participate to receive the medication(s) at no member cost. Based upon current data, the new program impacts 274 MUSC Health Plan members. There is no additional cost to the Plan for the SaveOnSP program.

Additionally, during fiscal year 2021, PEBA collaborated with the data warehouse consultant to ensure that prescription drug pricing guarantees are met and that all rebates and Retiree Drug Subsidies and EGWP subsidies are realized based on the current PBM contract. Guarantees and subsidies received by PEBA help offset potential premium increases. Based on the current PBM contract, PEBA has estimated \$2.7 million in prescription drug pricing guarantee reconciliation and has validated \$391.2 million in pharmacy rebates and \$187.5 million in EGWP subsidies through the life of the current contract. These amounts are based on prescription drug claims incurred in 2021 and are representative of the first year of the current contract. PEBA is expected to receive rebate true-up for 2021 and some remaining EGWP subsidies due to the timing of when these dollars are due.

BlueCross BlueShield of South Carolina, the third-party administrator for dental benefits, partnered with Dental Access Carolina (DAC) to offer a mobile dental provider to employers who participate in PEBA-administered insurance benefits. DAC provides comprehensive on-site dental services for Dental Plus and Basic Dental members that are typically performed in a traditional office setting. These services include cleanings and exams, X-rays, fillings and other basic restorative care.

AGENCY NAME:	South Carolina Public Employee Benefit Authority		
AGENCY CODE:	F500	SECTION:	108

During the fiscal year, PEBA issued requests for proposals and awarded contracts for behavioral health management, life insurance and an investment consultant for PEBA's defined contribution retirement plans. The new life insurance contract resulted in a decrease in monthly rates for some age brackets.

PEBA's external actuary also conducted annual actuarial valuations for retirement and insurance.

Enhance the customer experience for members and employers

PEBA's vision is to serve those who serve South Carolina, and the agency does this by focusing efforts in areas that will provide the best service to the customer. In fiscal year 2022, PEBA continued to look for ways to improve the customer experience for both employers and members by enhancing online functionality. Effective September 15, 2021, and in collaboration with MetLife, our life insurance vendor, we implemented an electronic *Statement of Health* process for life insurance elections that require medical evidence. Effective October 1, 2021, a new telephonic option for the long term disability claim intake process was implemented, as well as a new conversion notification system with the long term disability vendor, Standard Insurance Company.

The Customer Services Scheduled Services team continued to evolve and improve upon its services to members. The ability for members to schedule appointments for one-hour phone or video consultations resulted in visitor counts returning to pre-pandemic volumes. Staff conducted approximately 15,000 benefit consultations throughout the fiscal year, and the scheduled consultations accounted for more than 40% of those consultations. PEBA continues to offer walk-in in-person consultations.

In January 2022, PEBA enhanced the process for members to schedule appointments. Through the new appointment scheduler that was implemented at no additional cost to the agency, members choose their appointment time and receive an automatic confirmation of the appointment, as well as 24-hour reminder email. The new scheduling software is much more efficient for staff as these tasks were manual before.

We also implemented a peer review program for the Scheduled Services Team to improve quality and accuracy. Counselors join appointments of their team to observe and review the session. Then, they provide feedback to the counselor and supervisor. This program has proven to be beneficial for staff and positive changes have been made based off feedback received. Counselors are observed a minimum of once per month.

Seventeen new employer groups, consisting of more than 1,100 covered lives, joined the insurance programs during the fiscal year. PEBA also administratively changed the charter school setup in its systems, creating an additional 21 new insurance employers. Seven new employers joined the retirement systems and eight existing retirement employers added coverage. Seven existing retirement employers added insurance coverage. To assist with the onboarding process, agency staff conducted the education and enrollment assistance.

In May 2022, PEBA sent the seventh Employer Group Report, along with other information about resources available to members, to the executive-level contact and primary benefits administrator at each participating employer. The customized report provides a better understanding of the health of each employer's active employees and their dependents at the group level. The report is intended for the executive team and benefits administrator to use to identify areas of opportunity to improve member health outcomes for their population.

The agency continued to improve member and employer education for a variety of topics through its *Navigating Your Benefits* series. Through our PEBA Perks initiative, the agency continued to promote value-based benefits available at no cost to State Health Plan primary members throughout the year including preventive screenings, flu vaccines, well child benefits, colorectal cancer screenings, cervical cancer screenings, the No-Pay Copay

AGENCY NAME:	South Carolina Public Employee Benefit Authority		
AGENCY CODE:	F500	SECTION:	108

program, mammograms, diabetes education, tobacco cessation and breast pumps. PEBA, in collaboration with its insurance vendors, also developed numerous marketing toolkits to promote benefits.

Operationally, for the retirement systems, PEBA processed 7,493 service retirement applications, 142 disability applications, 13,874 refund requests and 6,853 death claims for the year ended June 30, 2022. For insurance benefits, PEBA also processed 48,524 electronic enrollments, 44,618 paper enrollments, 33,428 eligibility determinations for retirees, COBRA subscribers and survivors, and 2,808 requests for review. The total enrollment transactions for insurance were 129,378 for the year ended June 30, 2022.

Responsibly manage risk to the organization

It is incumbent upon our individual employees and organization to continually assess and mitigate the threats and risks to which we are exposed. Through enterprise risk management, we plan, organize, lead and control the activities of our organization in order to minimize the effects of risk.

During fiscal year 2022, Information Technology staff department enhanced the agency's business continuity testing. The pandemic created a real-life scenario in which we used our business continuity plan. Because of our previous strategic planning, and development, implementation and previous testing of the business continuity plan, we were able to respond deftly to the pandemic. Additionally, the agency engaged with its security services provider to perform security assessments on its public website, employer and member portals, external network, and Microsoft 365 environment.

The department also continues to manage vendor risk and is actively reviewing risk mitigation strategies for the PEBA:Connect project.

Maintain a workforce and work environment conducive to achievement of agency goals and objectives

Like many organizations, PEBA is faced with staffing challenges brought on by loss of staff due to retirement and new skills requirements due to advances in technology. Succession planning continues to be a priority for executive leadership. We continue to actively monitor succession plans based on a workforce plan that was developed for the agency.

In August 2021, PEBA developed formal telecommuting policies and procedures that were approved by State Human Resources and implemented throughout the agency. PEBA's workforce functions responsibly with this added flexibility and has maintained consistent productivity. Additionally, we believe telecommuting will be a useful tool in recruitment and retention efforts in the government job market.

PEBA also implemented formal career paths in two organizational areas. The Insurance Appeals Division developed a career path for appeals writers. Over the years various strategies have been used to staff this area without consistent results. While the path is still new, it has been viewed favorably by current staff who have already moved up in level since implementation. The Employer Reporting area also developed a career path to assist with turnover and knowledge sharing.

The agency continued to enhance employee engagement by identifying opportunities for cross-training and staff development. Most Customer Service representatives who were hired prior to September 2021 are fully cross trained in both insurance and retirement. Additionally, effective September 2021, a combined insurance and retirement new hire training was implemented for all Customer Service staff. Fourteen representatives are currently in Level 1 or Level 2 of the career path of combined training. The goal is to have most representatives cross trained before implementing the PEBA:Connect project.

AGENCY NAME:	South Carolina Public Employee Benefit Authority		
AGENCY CODE:	F500	SECTION:	108

The PEBA Ambassador initiative was implemented to provide a consistent resource for new employees. New employees participate in several incremental check-ins with a mentor. This has been an excellent addition to the onboarding process by providing an opportunity to ask questions and give feedback in a neutral environment.

Improve internal efficiencies through new system implementation

One of the most significant operational challenges the agency faces is the pending replacement of its legacy information systems. PEBA's core operational system was built in the early 1990s on then-current Adabas/Natural technology foundation. The typical system life expectancy is 15-20 years. The agency went through an extensive process to assess the market and evaluate options, and we are now in the implementation phase and have the following vendors under contract:

- LifeWorks: Implementation Vendor
- Linea: Project Management Vendor
- Icon: Data Conversion Vendor

The PEBA:Connect project is one of the largest initiatives the agency has ever tackled. There are 148 people on the PEBA:Connect team. This includes PEBA staff and individuals from each of the three vendors. The project is estimated to take four to five years to implement, and it is on-time and on-budget through August 2022. The project goals are:

- The system will provide a unified, one-stop improved customer experience with respect to all programs administered by PEBA.
- There will be one secure portal through which customers conduct business with PEBA:
 - o Member self-service; and
 - o Employer self-service.
- All publications, as well as personal and electronic interactions with customers, will have a common language, appearance and feel.
- The system and processes will enhance existing Customer Service capabilities for members and employers.
- The system will integrate retirement and insurance processes where further integration will improve operations and/or the efficiency and delivery of excellent services to customers.
- The system and processes will enhance existing operational performance measurement capabilities.
- The system and processes will enhance existing data exchange functionality with all appropriate third parties, including all third-party administrators.
- The system and processes will continue to support or enhance the privacy and security of PEBA's information assets.

The project has entered Phase 4. PEBA staff are viewing the system for the first time and providing input during comprehensive demonstrations. The intensity level of the project will increase significantly from this point forward. Meanwhile, production support within the aging IT systems is being successfully maintained through retention of critically skilled employees and collaboration of our Operational Research and Development staff with business areas.

Risk assessment and mitigation strategies

PEBA's custom written information technology systems cover critical operational functions such as paying monthly retirement benefits and collecting monetary contributions to fund retirement benefits and health care payments. PEBA's current IT systems are written in a dying language. PEBA is actively implementing a replacement for our custom information technology systems. The process to implement a new technology

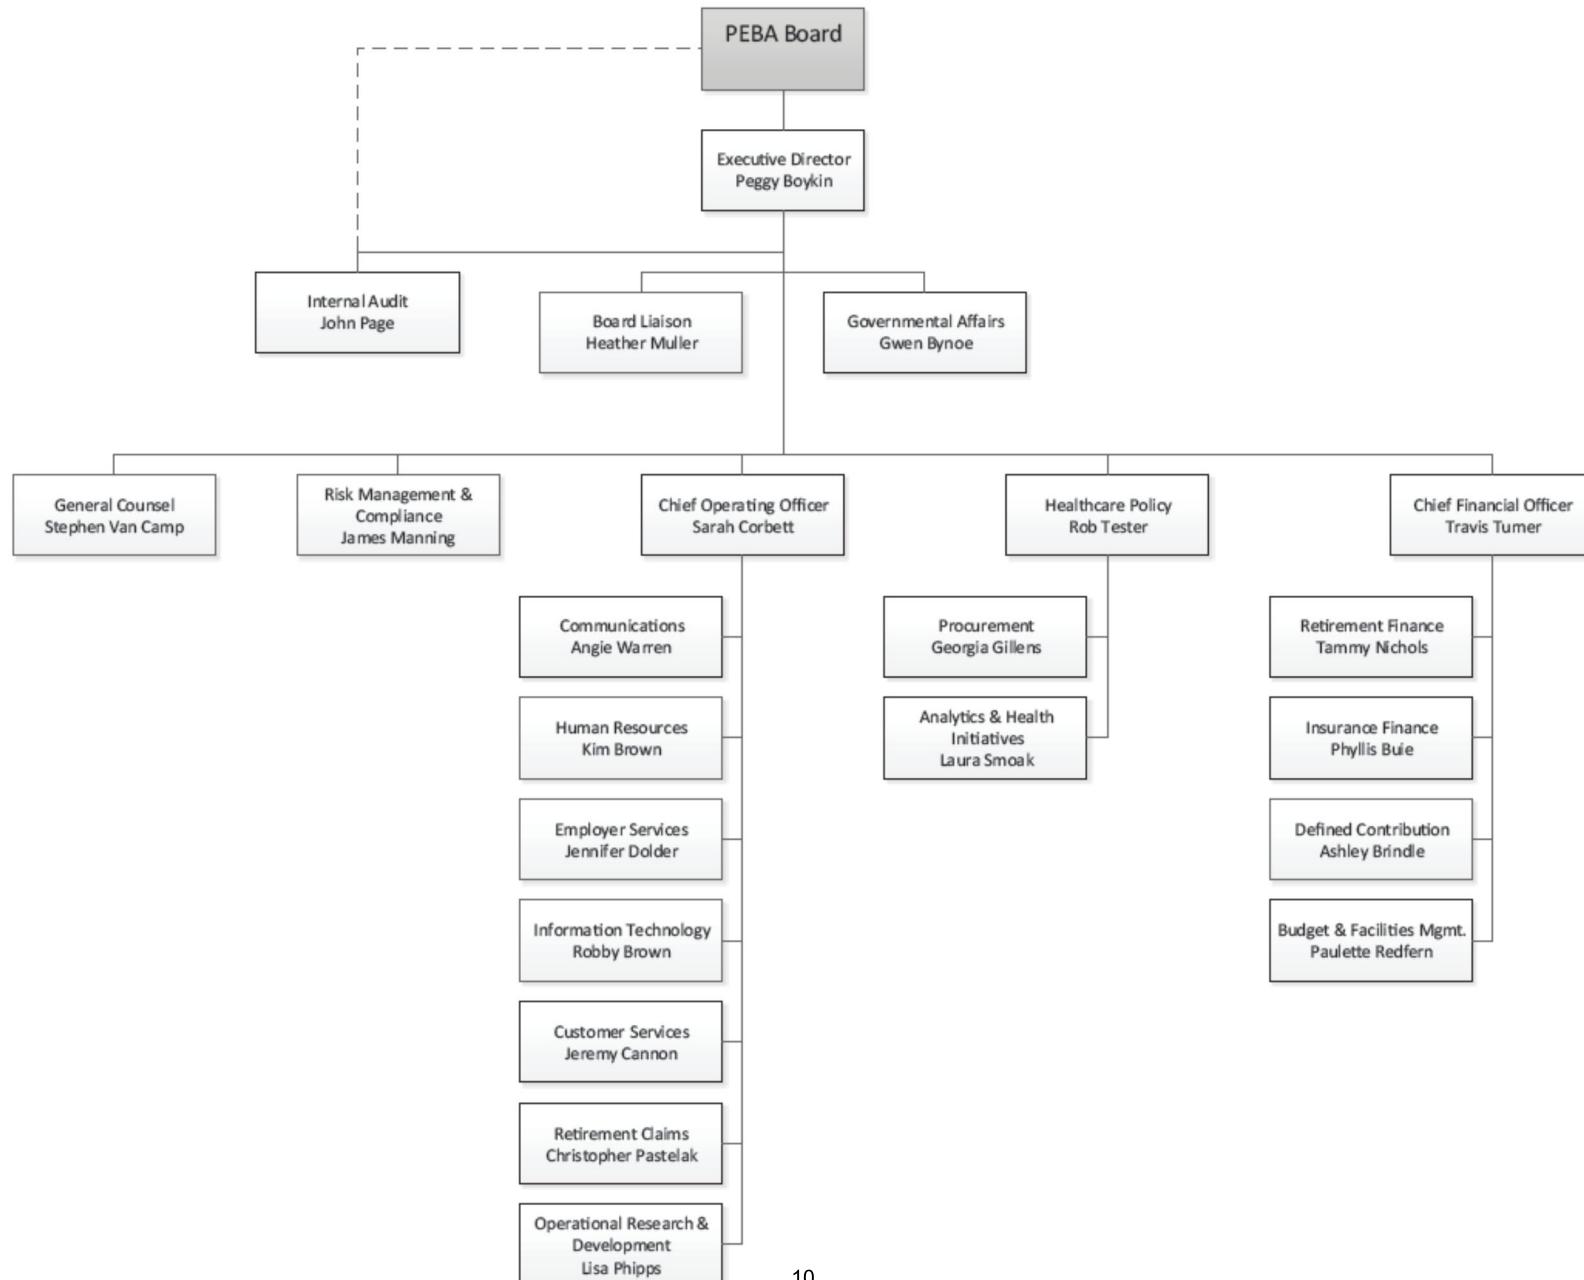

AGENCY NAME:	South Carolina Public Employee Benefit Authority	
AGENCY CODE:	F500	SECTION: 108

system will be a multi-year effort. Additionally, 36% of our workforce will be eligible to retire within the next five years. Staff eligible to retire includes critical IT system programmers and critical business subject matter experts.

PEBA covers approximately 10% of the state's population through its retirement and insurance programs. More than 171,000 members receive a monthly retirement benefit from PEBA, and more than 509,000 members are covered by PEBA's insurance programs. A disruption in services for either one of these populations would affect the members themselves as well as the local economies.

Another major risk to PEBA programs is the increasing cost of health care and retirement. Health care costs are continually increasing. PEBA manages its cost with the goal of being below the national trend in health care expenses. However, even with prudent program management, health care costs continue to increase. Retirement costs have continued to increase, too. PEBA will continue to work closely with the General Assembly on retirement and health care funding issues.

Agency Mission

Adopted in: 2016

PEBA's mission is to provide competitive retirement and insurance benefit programs for South Carolina public employers, employees and retirees.

Agency Vision

Adopted in: 2016

Serving those who serve South Carolina

Recommendations for reorganization requiring legislative change:

None

Agency intentions for other major reorganization to divisions, departments, or programs to allow the agency to operate more effectively and efficiently in the succeeding fiscal year:

The agency intends to make minor reorganizational changes following the retirement of its Chief Operating Officer and to better align staff with the PEBA:Connect project, which is a multi-year project to update and combine our IT systems.

Significant events related to the agency that occurred in FY2022

Description of Event	Start	End	Agency Measures Impacted	Other Impacts
No significant events to report.				

Is the agency in compliance with S.C. Code Ann. § 2-1-220, which requires submission of certain reports to the Legislative Services Agency for publication online and the State Library? (See also S.C. Code Ann. § 60-2-20).	Yes
--	-----

Reason agency is out of compliance: (if applicable)	
--	--

Is the agency in compliance with various requirements to transfer its records, including electronic ones, to the Department of Archives and History? See the Public Records Act (S.C. Code Ann. § 20-1-10 through 20-1-180) and the South Carolina Uniform Electronic Transactions Act (S.C. Code Ann. § 26-6-10 through 26-10-210).	Yes
---	-----

Does the law allow the agency to promulgate regulations?	No
---	----

Law number(s) which gives the agency the authority to promulgate regulations:	
--	--

Has the agency promulgated any regulations?	No
--	----

Is the agency in compliance with S.C. Code Ann. § 1-23-120 (J), which requires an agency to conduct a formal review of its regulations every five years?	Yes
