

Plan summary

This chart explains what the Standard Plan covers and what your share of prescription costs will be.

Standard Plan

Under the State Health Plan, you can fill your prescriptions at any network pharmacy or have them delivered right to your door with home delivery from CVS Caremark Mail Service Pharmacy.

Standard Plan members pay a copayment for prescriptions and have a separate annual coinsurance maximum of \$3,000 per person. Once you meet the maximum, the Plan will pay 100% of the allowed amount for your covered prescription medications for the rest of the year.

| | 30-day supply Fill at any network pharmacy. | 90-day supply Fill at select participating network pharmacies. |
|---------------|---|--|
| Tier 1 | \$13 | \$32 |
| Tier 2 | \$46 | \$115 |
| Tier 3 | \$77 | \$192 |

Note: When a Tier 1 generic is available, but the pharmacy dispenses the brand-name medication for any reason, you will pay the difference between the brand-name medication and the generic, plus the generic copayment.
